

FY2025 Idaho Statewide Guardian ad Litem Legislative Report

“Without CASA, I wouldn’t have gotten my kids back.”

**Brack
Biological Father**

“I am repeatedly impressed by the time, effort, and dedication of CASA volunteers that is provided on behalf of the children involved in our court systems. These efforts involve some of the most difficult and distressing factual circumstances regarding families that come before the court. CASA volunteers play an important part in protecting at risk children in this region by, among other things, providing valuable information necessary for the courts to make informed decisions.”

**Hon. Judge R. Todd Garbett
Bear Lake County Magistrate Judge**

GAL/CASA Volunteer Impact To Children/Youth in Idaho

GAL/CASA programs are of, and for the community. Across Idaho, there are seven GAL/CASA programs doing the hands-on work of recruiting, training and supervising GAL/CASA volunteers to advocate for children and families involved in the child welfare system and improve their well-being in all 44 counties in Idaho. These programs provide ongoing support and coaching for volunteers and develop innovative ways to make a difference for children, families and the community.

GAL/CASA volunteers support children and families involved in the child welfare system.

GAL/CASA volunteers stay by the child's side throughout the duration of the case, supporting them and their family. GAL/CASA volunteers advocate first for reunification when safe and possible, and work to keep children connected to their family and community of origin. They focus on facilitating nurturing relationships for the child and helping to find, engage and strengthen a support network for the child and family. The goal is to help achieve permanency, preferably reunification or adoption by relatives when safe and possible. If reunification is not safe or possible, GAL/CASA volunteers will advocate for the child to be adopted by, or live with, other relatives or family friends. If that is also not possible, GAL/CASA volunteers will work towards adoption by a non-relative.

During the last fiscal year, the seven GAL/ CASA Programs of Idaho served **2303 unique children/youth; trained 139 new GAL/CASA volunteers, and appointed 552 amazing volunteers to represent the best interest of Idaho's children who have suffered abuse, neglect, or abandonment.**

As you will see in the following pages, the numbers are just the beginning. Idaho GAL/ CASA volunteers enhanced the lives of the children they served by improving outcomes around safety, permanency, and well-being.

The GAL/CASA programs and their staff routinely go above and beyond what is written in statute and Idaho Code to ensure the needs of the children/youth appointed to our programs are being met. Each GAL/CASA Program in Idaho collects donations from local community members. These donated items are routinely distributed to the children/youth and family being served. Donation items include but are not limited to hygiene products, diapers, baby wipes, backpacks, school supplies, books, toys, blankets, and stuffed animals. Furthermore, the GAL/CASA programs encourage volunteers and staff to be active community members surrounding child welfare topics sitting on many local boards, tasks forces, and committees.

Our Mission:

It is the mission of all seven Idaho CASA/GAL Programs to support and promote court-appointed volunteer advocacy so every child in Idaho who has experienced abuse or neglect can have a safe, permanent home and the opportunity to thrive. We know children do best when they can safely remain with their parents or with other family members. That's why Idaho's CASA/GAL volunteers commit to strengthening families in their ability to care for and protect their children while advocating for the child's best interest.

Thank you to all of Idaho's GAL/CASA volunteers who fearlessly support this mission. Thank you to GAL/CASA staff for never losing hope. And thank you to our stakeholders for supporting the GAL/CASA programs in FY2025.

"Representing Guardians ad Litem in child protection cases is some of the most consequential and satisfying legal work I've ever done. Representing the best interests of children is an opportunity to transform children's lives for the better and break cycles of abuse or neglect and strengthen families."

Ralph Blount
Pro Bono Attorney

"In Idaho, Court Appointed Special Advocates (CASA), provide a consistent, independent voice for children in the child welfare system making recommendations focused solely on the child's best interests. The Idaho Department of Health and Welfare greatly values CASA's work, recognizing that when CASA and child welfare professionals collaborate, it strengthens the child protection system, helps children achieve permanency sooner, and ensures their voices are heard in court.

Thank you, CASA, for partnering with us to make the Idaho child protection system one of the strongest in the country in supporting youth and families"

Monty Prow
Deputy Director
Idaho Department of Health and Welfare

NCASA member programs adhere to a core model, operate under a national set of standards, receive quality assurance reviews, and seek to be highly effective local programs within the seven judicial districts of Idaho. As part of this, we follow a robust national training curriculum that complies with reporting requirements, extensive and ongoing Criminal History Check (accordance with ICAR 47), and are overseen by local and national governance.

“What having a CASA has meant to me is like having an aunt or someone always looking out for me. Receiving cards for birthdays or holidays always made me feel like I had someone in my corner. Having a CASA changed my life for the better. I don’t think I’d be anywhere good had I not had a CASA.”

Mary Rose
Former Foster Child

Duties of GAL/CASA Volunteers

Per Idaho Code §16-1633

Subject to the direction of the Court, the Guardian ad Litem shall advocate for the best interests of the child and shall have the following duties, which shall continue until resignation of the Guardian ad Litem or until the Court removes the Guardian ad Litem or no longer has jurisdiction, whichever first occurs:

- To conduct an independent factual investigation of the circumstances of the child, including, without limitation, the circumstances described in the petition.
- To file with the Court prior to any adjudicatory, review, or permanency hearing a written report stating the results of the investigation, the Guardian ad Litem's recommendations and such other information as the Court may require. In all post-adjudicatory reports, the Guardian ad Litem shall inquire of any child capable of expressing his or her wishes regarding permanency and, when applicable, the transition from foster care to independent living and shall include the child's express wishes in the report to the Court. The Guardian ad Litem's written report shall be delivered to the Court, with copies to all parties to the case at least five (5) days before the date set for the hearing. The report submitted prior to the adjudicatory hearing shall not be admitted into evidence at the hearing and shall be used by the Court only for disposition if the child is found to be within the purview of the act.
- To act as an advocate for the child for whom appointed at each stage of proceedings under this chapter. To that end, the Guardian ad Litem shall participate fully in the proceedings and to the degree necessary to adequately advocate for the child's best interests, and shall be entitled to confer with the child, the child's siblings, the child's parents and any other individual, or entity having information relevant to the child protection case.
- To monitor the circumstances of a child and to assure that the terms of the Court's orders are being fulfilled and remain in the best interest of the child.
- To maintain all information regarding the case confidential and to not disclose the same except to the Court or to other parties to the case.
- Such other and further duties as may be expressly imposed by the court order.

CASA/GAL Best-Interest Advocacy

"From the perspective of the Department, CASA plays an essential role in ensuring that every child in the system has a consistent, informed advocate focused solely on their best interests. CASA volunteers often provide valuable insights that go beyond what is captured in reports or case files, helping the court and the Department see the child's perspective more clearly.

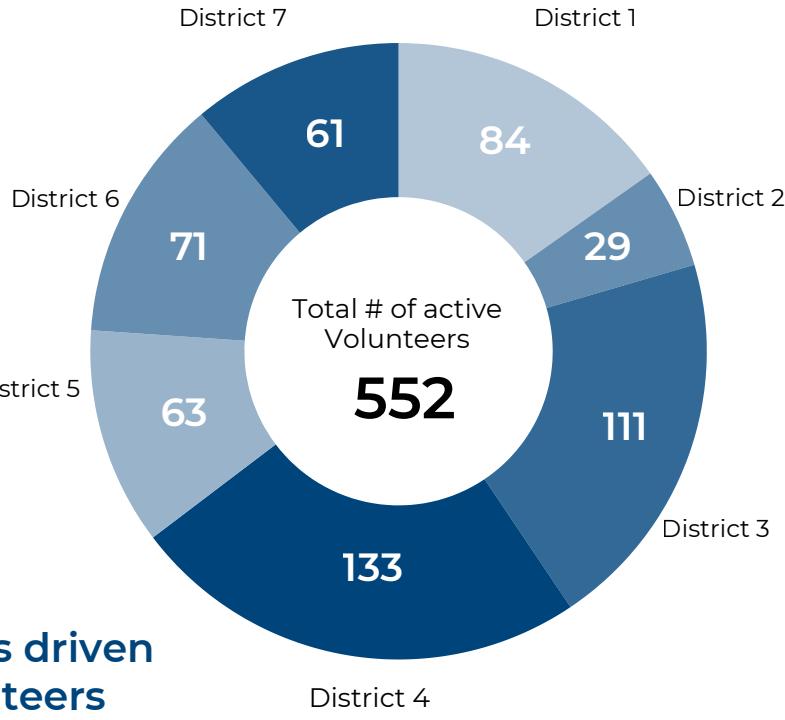

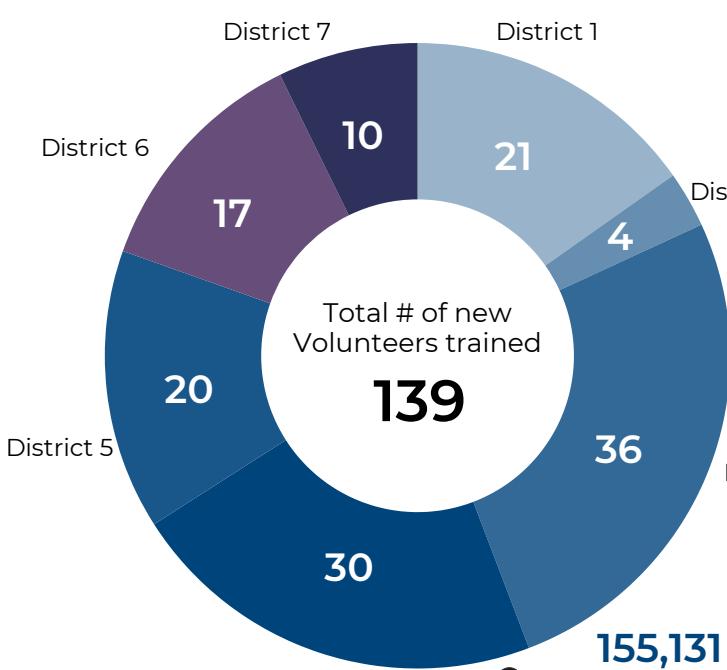

CASA's collaboration with caseworkers and other professionals brings balance to the process, especially in difficult cases where competing interests must be weighed. Their detailed observations and child-focused recommendations frequently help move cases toward permanency more effectively and with greater confidence that the child's voice has been heard.

We greatly appreciate CASA's dedication, especially in rural areas where resources are stretched thin. Their advocacy ensures that critical details are not overlooked and that each child receives thoughtful attention, regardless of case complexity. CASA continues to be an indispensable partner in Idaho's child protection system.

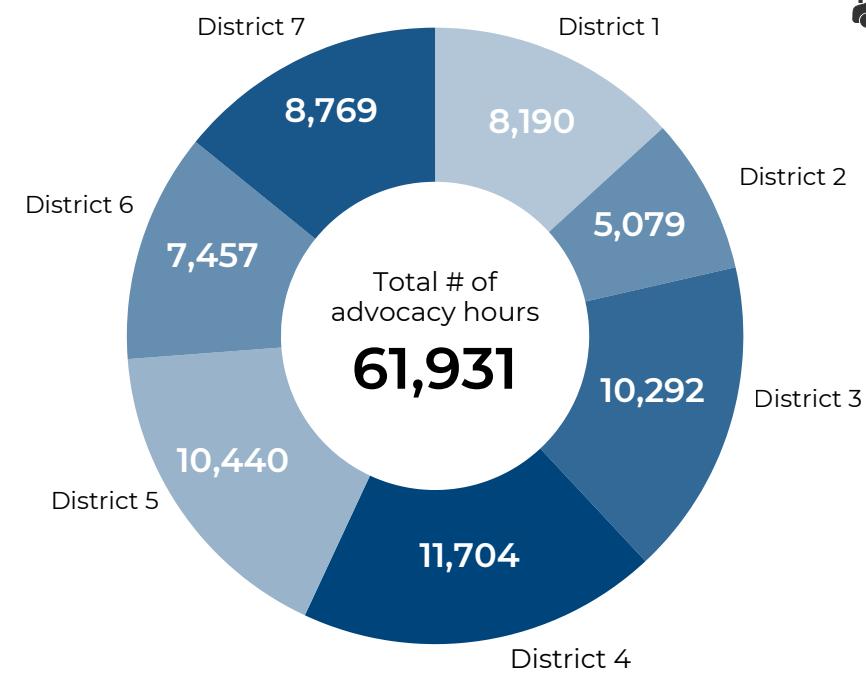

I don't have any specific cases or examples that I can detail due to the confidential nature of our hearings, but CASA plays a critical role in nearly all of the cases I handle. Thank you for everything you do."

Christopher G. Sletvold
Deputy Attorney General

Data Notes

This report reflects the age of the child at the time they were added to the CP case. This is either the filing date of the CP petition, or, for children born after the petition was filed, the date the child was added to the case.

Due to data entry error, Odyssey contains active CP cases with children over 18 years old. Children over 18 are excluded from this report.

Cases that have a current judgment prior to the start of FY2025 are excluded from this report.

For the purposes of this report, if a CP case has multiple protected children, and a GAL has been appointed at any time on the case, all protected children on the case are counted as having a GAL appointed.

Disclaimer: Compilation of this report requires interpretation and manual data entry. As a result, this report is not a substitute for the actual source documents and the Court cannot guarantee the complete accuracy of all information contained herein.
