

## Tyler's Odyssey<sup>®</sup> File & Serve Solution

Tyler's Odyssey<sup>®</sup> File & Serve solution enables registered users to easily file documents with the court anytime and from anywhere — 24-hours a day, seven days a week. This highly automated, scalable system provides customers the opportunity to transition from an inefficient paper-based process to a streamlined technology-based electronic filing (e-filing) system, which automatically submits documents to the court in “real-time”. Using this service, users can eliminate unexpected delays, reduce costs and increase efficiencies.

### Seamless Integration

Accessed securely via the web, users can quickly login to File & Serve and easily file their documents online. The e-filing service is seamlessly integrated with Odyssey<sup>®</sup> Case Manager\*, so that any document submitted is automatically populated into Odyssey once accepted by the court, eliminating the need for manual data entry and providing secure document access to interested parties.

### Powerful & Advanced Capabilities

Streamline filing processes and reduce reliance on paper with the Odyssey e-filing solution that provides:

- Access to electronically filed case documents and electronic filings via one centralized location in the system
- Online credit card transactions and automatic collection of all applicable fees for each filing submitted and accepted by the court, as well as documentation for client billing
- The ability to view a master list of all parties that currently receive electronic filing service on a particular case
- Tracking of electronic services history and status for users

### Ease of Use

Odyssey File & Serve is a web-based application that is the most advanced yet simple to use online filing solution available in the marketplace today. Installation requires no unique software, middleware or hardware to function.

*\*Tyler's Odyssey File & Serve solution also easily integrates with other case management programs.*

### Court Benefits:

- Simplify and streamline file processing
- Receive and route documents electronically from a single source
- Eliminate paper file management tasks
- Reduce operational costs
- Improve customer service
- Complete integration with Odyssey Case Management Program
- Safe and secure electronic filing portal
- Tyler IT manages the website and all related hardware and software
- License-based or per-transaction model (providing possible revenue source for court)

# Tyler's Odyssey® File & Serve Solution

## Return on Investment

Tyler's e-filing solution can be delivered via various business models. Both the License Model and Transaction-based Model provide a strong return on investment (ROI) in both business efficiencies and cost benefits. Under the Transaction-based Model, upfront costs can be limited as the expense of implementation is distributed amongst the user base and may also provide a new revenue stream for your court.

## Scalable Solution

Tyler's Odyssey File & Serve solution was developed using advanced web-based technology, providing a highly automated, scalable system that enables rapid conversion, aggregation, organization, hosting and management of massive volumes of data at high speeds and low cost. The system is an open platform that is fully configurable to your court's specific needs and provides the following functionality:

- **Document Storage**

Tyler's e-filing solution stores a copy of all documents on our secure servers, while original documents are maintained on the court's system as the official repository. Access to documents via the Web is through the Odyssey Portal Electronic Document Access (EDA), which is connected to our replica database and provides an additional level of security.

- **High Level of Security**

As with all other Tyler offerings, Tyler's e-filing solution ensures security best practices are in place. From advanced firewalls with application layering and virus protection software to rigorous registration and authorization processes, Tyler employs stringent security procedures. Tyler recognizes Payment Card Industry (PCI) compliancy and ensures that credit card transactions are secure and sensitive data is protected.

By investing in Tyler's Odyssey File & Serve solution, you're gaining core functionality that is seamlessly integrated into the Odyssey product suite\* that will optimize your filing processes, while reducing operational costs and improving customer service. Experience the power of Tyler's Odyssey File & Serve solution — the most comprehensive and flexible electronic filing solution available today.
