Technical Advisory from the IT Staff

Technical advisory! Microsoft has recently released Internet Explorer 10. **Please do not upgrade** to this browser yet, as you could potentially lose functionality to such products as Sharepoint, WestLaw Next, WestKM, and Spillman. These are applications that have been reported to us, and may not cover locally provided products. Stay in Control: Make Your Healthcare Wishes Known

Before a Crisis

We plan for weddings, retirements, babies, school, vacations...so many important events. Unfortunately, few of us plan for end of life events or choices. Decisions are put off and desires are not expressed because it's a difficult subject. The result - many times medical treatment decisions are made for us by loved ones under great stress. In Idaho, you can make your wishes known now and have them honored in the future through **Advance Directives** (Living Will and Durable Power of Attorney for Health Care). You can prepare these documents that express your wishes and empower someone to speak for you in the event you are unable to communicate your medical treatment wishes. Advance Directive documents are important for everyone at any age.

Get the facts. Have the conversation. Register now for one of the **FREE seminars/lunch** on either **June 13th** or **June 20th**. You will hear a brief presentation on "7 Simple Steps to an Advance Directive", receive forms, participate in a Q&A session with an attorney, and enjoy a **FREE lunch!** These **FREE seminars/lunch** are sponsored by [Idaho Quality of Life Coalition](#) and will also be presented for State of Idaho employees in other major cities in 2013.

The June 13th and 20th seminars are from Noon to 1:00 p.m. and are open to State of Idaho Employees, family members, and retirees. To register for one of the seminars, go to the [Classes](#) webpage on **Health Matters**; choose your preferred date and click on **Register Now**. It might be the most important decision you make today.
