

SUMMARY STATEMENT

State v. Fisher, Docket No. 43621-2015

The Idaho Supreme Court affirmed the judgment of the district court. This is an appeal out of Ada County challenging the statutory elimination of the insanity defense and the imposition of a determinate life sentence for the crime of murder in the second degree that was committed when the defendant was experiencing paranoia resulting from schizophrenia and was under the influence of bath salts. We affirm the judgment of the district court.
