

Summary Statement

Bailey v. Peritus

Docket No. 44357

The Idaho Supreme Court reversed the Ada County district court's grant of summary judgment in favor of Peritus 1 Assets Management, LLC (Peritus) on Shawn W. Bailey's claim for breach of employment contract. The Court held that the district court erred by finding the statute of frauds rendered Bailey's contract claim against Peritus unenforceable. As the Court reasoned, Bailey's contract claim did not trigger the statute of frauds. Rather, the Court held that triable issues of fact surrounded whether Bailey had an enforceable contract with Peritus irrespective of the statute of frauds. Accordingly, the Court reversed the district court and remanded the case for further proceedings consistent with its opinion.
