

SUMMARY STATEMENT

Westover v. Idaho Counties Risk Management Program

Docket Nos. 44722 & 45368

The Supreme Court affirmed the decision of the Franklin County district court to grant summary judgment for the Idaho Counties Risk Management Program (ICRMP) on Val D. Westover's declaratory judgment action. Westover sought to have ICRMP's existence and relationship with county governments declared illegal as violative of Idaho Code section 12-117(3). The Supreme Court found that the district court had properly dismissed Westover's claim because he had failed to present a justiciable controversy.
