

SUMMARY STATEMENT

State v. Herren, Docket No. 40619

In a unanimous opinion, the Supreme Court affirmed in part and reversed in part an Ada County district court decision. The district court affirmed the Nathan Herren's conviction for violation of a no contact order in violation of Idaho Code section 18-920 and the revocation of Herren's withheld judgment for violating the terms of an earlier probation. The Supreme Court reversed Herren's conviction for violation of a no contact order because Herren did not have contact with the protected person as "contact" was defined by the terms of the no contact order. The Supreme Court affirmed the revocation of Herren's withheld judgment because he unconditionally admitted to violating the terms of his probation.
