I.C.A.R. 61. Credit for Jury Service

Idaho Court Administrative Rule 61. Credit for Jury Service.

Credit for service as a trial juror shall be determined by the administrative judge. Absent a different determination by the administrative judge, credit shall be given in the following manner:

If a juror attends court, that is, if the juror actually comes to the courtroom pursuant to call, for prospective service, he or she must receive credit against the ten (10) day statutory limitation, regardless of whether or not the juror is called to serve or is excused from the jury by challenge for cause or peremptory challenge. A juror shall be given credit for service in the same proportion as compensation under section 2-215, Idaho Code, for one-half day or full day credit.
