

Rule ELECTRONIC FILING AND ELECTRONIC SERVICE

(a) Definitions. The following definitions apply to this chapter:

1. “Conventional filing” means a process whereby a filer files a paper document with the court.
2. “Document” means a pleading, a paper, a motion, a declaration, an application, a request, a brief, a memorandum, an exhibit, or other instrument submitted by a filer, including any exhibit or attachment referred to in the instrument. Depending on the context, as used in this chapter, “document” may refer to an instrument in either paper or electronic form.
3. “Electronic filing” means the process whereby a filer electronically transmits documents to a court in an electronic form to initiate an action or to be included in the court file of an action.
4. “Electronic filing system” means the systems provided by the Idaho Judicial Department for the electronic filing (File and Serve and Guide and File) and the electronic service of a document via the Internet, excluding the electronic filing of criminal citations by a method approved of by the Administrative Office of the Supreme Court.
5. “Electronic service” means the electronic transmission of a notice of filing by the electronic filing system to the electronic mail (email) address of a party who has consented to electronic service per subsection (h)(1)(A) of this rule. The notice will contain a hyperlink to access a document that was filed electronically for the purpose of accomplishing service. When the serving entity is the court, electronic service may be completed through the electronic filing system or through conventional email.
6. “Filer” means a person registered with the electronic filing system who submits a document for filing with the court and/or submits a document for service through the electronic filing system. The filer may be an attorney representing a party in the case, a party, or anyone authorized to submit documents for filing on their behalf. The filer may also be a third party tasked with submitting reports, evaluations, or other communications for filing as directed by the court or required by law.
7. “Service contact” means any party and their email address designated for electronic service between the parties through the electronic filing system.
8. “Other service contact” means any person associated with the filer for purposes of an action whom the filer wishes to receive email notification from the electronic filing system of documents electronically served in the action. An “other service contact” includes another lawyer, administrator, or staff from the filer’s place of business, or another person who is associated with

the filer regarding the action or otherwise has a legitimate connection to the action.

9. "Accept" refers to the determination that a document electronically filed has met the standards set forth in the rules below. The court has the discretion to later reject such a filing if it deems it appropriate to do so.
10. "Confidential" in reference to a document or information means the document or information will not be accessible to the public because it is exempt from disclosure or sealed by court order pursuant to Idaho Court Administrative Rule 32 or information barred from disclosure to the public under federal or state law. The information or document that is confidential may be accessible to certain court personnel and where applicable, to certain governmental entities as authorized by law, court rule, or court order.
11. "Conventionally signed document" means a paper document with a handwritten signature.
12. "Envelope" is a filing and/or service of documents submitted to the court through the electronic filing system. An envelope can contain one or more documents submitted to the court or others for the same case.

(b) Requirement / Format of Documents to be Filed Electronically

1. Requirement.

- A. Filers identified below, must electronically file documents in courts where electronic filing has been mandated, except for those documents that must be filed conventionally pursuant to subsection (f) of this rule.
 - i. Attorneys
 - ii. Government agencies or departments (including but not limited to those on contract)
 - iii. Court approved mediators, coordinators, or evaluators (including, but not limited to, those identified in a judicial roster on the Idaho Supreme Court website)
 - iv. Filers who are compensated for the preparation and submission of reports / evaluations
 - v. Business entities filing in small claims actions (Guide and File and/or File and Serve)
 - vi. Insurance companies

- B. Self–represented Parties Using File and Serve.** Self-represented parties who are individuals and not attorneys may elect to electronically file documents through File and Serve but are not required to do so. Those who elect not to utilize electronic filing, and who require paper / mail service from the court must identify the physical address for service in the certificate of service and pay designated mail service fees to the court clerk at the time of filing. With the exception of an initial electronic filing of a petition for a civil protection order made by a victim advocate on behalf of a selfrepresented party through File and Serve, a self-represented party who elects to electronically file and serve documents through the electronic filing system must continue to do so for the life of the case unless a court has granted a motion to withdraw from electronic filing and service. Once a self-represented party withdraws from electronic filing and service he or she may not return to this practice for the life of the case.
- C. Self-represented parties using Guide and File.** Businesses filing in small claims actions or self-represented parties (who are individuals) who utilize Guide and File to file Court Assistance Office forms are not required to submit subsequent filings through the electronic filing system. Similarly, an initial case filing of a petition for a civil protection order made by a victim advocate on behalf of a self-represented party through Guide and File does not require the party to submit subsequent filings through the electronic filing system.

2. Electronic Format and Limited Size.

- A.** A document, other than those excluded in subsections (b)(2)(B) and (C) below, submitted electronically to the court must be in the form of a text-searchable Portable Document Format (PDF) or a textsearchable Portable Document Format/A (PDF/A) file, be directly converted to PDF rather than scanned (if possible), and not exceed 50 megabytes. A document that exceeds the size limit must be broken down and submitted as separate files that do not exceed 50 megabytes each. Separate files under this section must include in the Filing Comments field for each submission a description that clearly identifies the part of the document that the file represents, for example, "Motion for Summary Judgment, part 1 of 2."
- B.** A document that is an attachment or exhibit (not motion, brief, memorandum, etc.) that is a scanned image of its original form, may be in standard PDF format and need not be text searchable as required in subsection (b)(2)(A) above.

- C. enter the address and phone number of all parties, if known;
 - D. select the “Party is a Business” indicator if the party is not an individual.
- 6. Additional Technical / Format Requirements.** Documents filed with the court must comply with the additional technical and format requirements contained in the Court’s approved Electronic Filing Guide. Note, however, that documents that are exhibits as described above in subsection (b)(2)(B) will not be rejected for format requirements.
- 7. Rejected Documents.** Documents that do not comply with this rule, or the requirements of the aforementioned Electronic Filing Guide, or court policy, may be returned to the filer for correction. If the document is not corrected as requested within the time frame provided for in subsection (e)(4) of this rule, the document will be deemed to have not been filed.

(c) Electronic Signatures

- 1. Forms of Signature.** A document may be electronically signed by:
- A. inserting a digital image of the signing party’s handwritten signature into the document; or
 - B. scanning the individual’s handwritten signature after the document has been signed; or
 - C. using a signature block that includes the typed name of the individual preceded by a “/s/” in the space where the signature would otherwise appear. An example of a signature block with “/s/” is:

/s/ John Q. Smith
JOHN Q. SMITH

If the person signing is not either an attorney representing a party in the case or a party in the case and the document is signed using the person’s name preceded by “/s/,” a duplicate of the document must be conventionally signed by the person signing and maintained by the attorney or party submitting the document until the expiration of the time to appeal or the determination of the appeal, whichever is longer.

- 2. Judge’s Signature.** All electronically filed documents signed by the court must be scanned or otherwise electronically produced so the judge’s original signature or a digital image of the judge’s signature is shown.
- 3. Conventionally Signed Documents.** To file a document that was conventionally signed, the filer must either:
- A. scan and OCR (Optical Character Recognition) the document; or

- B. create a Word document that substitutes the /s/ signature block in place of the handwritten signature(s) and convert that document to a PDF. If the signature replaced is that of opposing counsel or a third party then the filer who submitted the document must maintain the conventionally signed document or a scanned copy of the conventionally signed document until the expiration of the time for appeal or determination of the appeal.
- C. A notary public's signature and stamp may be submitted pursuant to the process outlined in subsection (c)(3)(B) above. The version submitted electronically by the filer may replace the actual notary seal stamp with either the electronic image of their seal or "[Notary Seal]."

The filer who submitted the document must maintain the conventionally signed document or a scanned copy of the conventionally signed document until the expiration of the time for appeal or determination of the appeal.

(d) Payment and Fee Waiver

1. **Payment Due on Filing.** A filer must pay the fees for filing a document electronically at the time of electronic filing. Acceptance of the document triggers payment to be captured. In the event the payment funds are not available, at the time of filing or the acceptance, the filing will be rejected.
2. **Fee Waivers and Deferrals.** A filer may apply for a waiver of the filing fee by submitting an application for waiver with the document to be filed.
 - A. **If Fee Waiver Granted - Date of Filing.** If the filer's fee waiver application is granted, the document is deemed to have been filed on the date of the original submission.
 - B. **If Fee Waiver Denied.** If the filer's fee waiver application is denied, the document will be rejected and deemed to have not been filed. Notice of fee waiver application denial will be forwarded to the filer per subsection (e)(4) of this rule. The applicable statute of limitations will therefore continue to run unless the filer resubmits the document with payment as described below.
 - i. Resubmitting a document with full payment within 3 business days (excluding legal holidays) of the date of notice of denial of fee waiver application denial, will result in the filing date related back to the date of the original submission to meet filing requirements.
 - ii. A filer who resubmits a document under this subsection must copy the existing envelope and include in the Filing Comment field notification for an electronic resubmission

the following words: "Resubmission of filing with payment after denial of fee waiver, request filing relate back to _____, the date of original submission."

C. NOTICE OF APPEAL TO SUPREME COURT – REQUEST FOR WAIVER OF FILING FEE. All notices of appeal to the Supreme Court must be file stamped with the date of original submission. The appellant may apply for a waiver of the filing fee by submitting an application for a fee waiver. The application must be first submitted to the district court for entry of an order recommending waiver or no waiver. The notice of appeal, application for fee waiver and district court order recommending waiver or denial of waiver must be forwarded to the Supreme Court.

(e) Electronic Filing

1. Electronic Filing.

- A.** The electronic filing of a document is accomplished when a filer submits a document electronically to the court and the electronic filing system receives the document.
- B.** When the electronic document is accepted for filing, the electronic document constitutes the court's record of the document.

2. Converting a Conventional Filing into an Electronic Format. The court may digitize, record, scan, or otherwise reproduce a document that is filed conventionally into an electronic record, document, or image.

3. Time of Filing.

- A.** For purposes of filing by electronic transmission, a "day" begins at 12:01 a.m. and ends at midnight. If electronic transmission of a document is submitted and received before midnight it will be considered filed on that day. For any questions of timeliness, the time and date registered by the electronic filing system will be determinative. For documents electronically filed, the date and time that the filer submits the electronic filing will serve as the filing date and time for purposes of meeting the statute of limitations or any other filing deadlines, even if placed into an error queue for additional processing. If a document is submitted on a Saturday, a Sunday, or a legal holiday, it is deemed filed on the next available business day.
- B.** If the document is accepted for filing, the date and time of filing entered in the register of actions relate back to the date and time the electronic filing system received the document. When the document is accepted for filing, the electronic filing system will affix the date and time of submission on the document as the date and time of filing of

the document. When the document is accepted for filing, the electronic filing system will electronically notify the filer.

- C. A proposed order is not filed unless it is signed by the judge after review.

4. Request for Correction / Rejected Filings / Relief.

- A. If a document submitted electronically for filing is not accepted, the electronic filing system will send notification to the filer that explains why the document was rejected or will describe an error or irregularity and request correction and resubmission by the filer.

- B. A filer who resubmits a document within 3 business days (excluding legal holidays) of the date of the request for correction under this section may request, as part of the resubmission, that the date of filing

of the resubmitted document relate back to the date of submission of the original document to meet filing requirements. If the third day following request for correction is not a judicial day, then the filer may resubmit the filing with a request under this subsection on the next judicial day. A filer who resubmits a document under this subsection must copy the existing envelope and include in the Filing Comment field notification for an electronic resubmission the following words: "Resubmission of corrected filing, request filing relate back to _____, the date of original submission."

5. Technical Error / Relief.

- A. Any party may obtain relief if the electronic filing system is temporarily unavailable or if an error in the transmission of the document or other technical problem prevents the electronic filing system from receiving a document. Upon satisfactory proof of such an occurrence, the court shall permit the filing date of the document to relate back to the date the filer first attempted to file the document to meet filing requirements. If appropriate, the court may adjust the schedule for responding to these documents or the court's hearing, or provide other relief. B. A filer who resubmits a document under this subsection:

- i. Must include in the Filing Comment field notification for an electronic resubmission the following words: "Resubmission of filing, submission unsuccessful, request filing date relate back to _____, date of original submission."
- ii. Must also provide the date of the original attempted submission, the date the filer was notified the submission was

not successful, and explain the reason for requesting that the date of filing relate back to the original submission. The request for original filing date must be resubmitted within 7 business days (excluding legal holidays) of the date the filer was notified the submission was not successful. If the seventh day following notice of error is not a judicial day, then the filer may resubmit the filing with a request under this subsection on the next judicial day.

iii. May also include supporting exhibits that substantiate the system malfunction together with the resubmission.

C. Technical errors on the part of the filer's equipment or attempted transmission within the filer's control will not generally excuse an untimely filing. Counsel error in connection with electronic filing requirements in a civil matter must be addressed under Idaho Rules of Civil Procedure Rule 60(b).

6. Privacy Protection for Filings Made with the Court. Parties must refrain from including or must partially redact, where inclusion is necessary, the following personal data identifiers from all pleadings filed with the court, including exhibits, unless otherwise ordered by the court or required by federal or state law or court rule (see subsection (e)(6)(F-H) below for procedure when identifiers are required):

A. Social Security Numbers. If an individual's social security number must be included in a pleading, only the last four (4) digits of that number are used.

B. Names of Minor Children. If the involvement of a minor child must be mentioned, only the initials of that child are used.

C. Dates of Birth. If an individual's date of birth must be included in a pleading, only the year is to be used and the date specified in the following format: XX/XX/1998.

D. Financial Account Numbers. If financial account numbers are relevant, only the last four digits of these numbers are to be used and the number specified in substantially the following format: XXXXX1234.

E. Driver's License Numbers and State-Issued Personal Identification Card Numbers. A person's full driver's license number and state-issued personal identification number must not be included in electronic filings. If an individual's driver's license number or state-issued personal identification card number must be referenced in an electronic filing, only the last four digits of that number are to be used and the number specified in substantially the following format: XXXXX350F.

F. Employer or Taxpayer Identification Number. If an employer identification number or business' taxpayer identification number must be included in a pleading, only the last four (4) digits of that number are used.

G. Exceptions

- i. The redaction requirement does not apply to the record of a court, tribunal, administrative or agency proceeding if that record was filed before the effective date of this rule.
- ii. The redaction requirement does not apply to documents that are exempt from disclosure pursuant to Idaho Court Administrative Rule 32.
- iii. The redaction requirement does not apply to documents that are required by statute or rule to include personal data identifiers.
- iv. The redaction requirement of an individual's date of birth does not apply to charging documents or judgments in criminal cases.

H. Options When Personal Data Identifiers are Necessary. A party filing a redacted document need not also file an unredacted version of the document; however, where inclusion of the unredacted personal data identifiers is necessary, a party may:

- i. File the redacted document together with a reference list that identifies each item of redacted information and specifies an appropriate identifier that uniquely corresponds to each item listed. The list must be clearly identified as a reference list filed pursuant to this rule and may be amended as of right. Any reference in the action to a listed identifier will be construed to refer to the corresponding item of information. The reference list is exempt from disclosure pursuant to Idaho Court Administrative Rule 32; however, courts will share the reference list with other government agencies as required or allowed by law without court order or application for purposes of the business of those agencies.
- ii. File the redacted document together with an unredacted copy of the document. The unredacted copy must be clearly identified as an unredacted copy filed pursuant to this rule. The unredacted copy is exempt from disclosure pursuant to Idaho Court Administrative Rule 32; however, courts will share the unredacted copy with other government agencies as required or allowed by law without court order or application for purposes of the business of those agencies.

I. Orders, Judgments, and Decrees of the Court.

- i. If possible, the court must refrain from including in a court order, decree, or judgment, the personal data identifiers set forth in subsections (e)(6)(A) through (e)(6)(H) of this rule.
- ii. If personal data identifiers are included in the order, decree, or judgment, the order, decree, or judgment must be exempt from disclosure pursuant to Idaho Court Administrative Rule 32. Copies of the order, decree, or judgment must be served on the parties and must be available to the parties and other government agencies without court order, decree, or judgment for purposes of the business of those agencies. Upon request a redacted copy must be prepared unless it is exempt from disclosure under Idaho Court Administrative Rule 32. However, no redacted copy of any order, decree or judgment must be prepared until there is a specific request for the document, in which case the document should be redacted in the manner specified in Idaho Rule of Civil Procedure 2.6(1)(a)-(b) and section (e)(6)(A)-(G) of this rule.
- iii. Exceptions. The court may include personal data identifiers in orders that are exempt from disclosure pursuant to Idaho Court Administrative Rule 32, or that are required by statute to include personal data identifiers.

J. Responsibility for Compliance. The parties and counsel are solely responsible for redacting personal data identifiers. The clerk will not review each document for compliance with the rule. Failure to comply with this rule is grounds for contempt.

K. Parties to Use Caution. Parties should exercise caution when filing papers that contain private or confidential information, including, but not limited to, the information covered above and listed below:

- i. Medical records, treatment and diagnosis;
- ii. Employment history;
- iii. Individual financial information;
- iv. Insurance information;
- v. Proprietary or trade secret information;
- vi. Information regarding an individual's cooperation with the government; and
- vii. Personal information regarding the victim of any criminal activity.

L. Inform Clients. Counsel is strongly urged to share this information with all clients so that an informed decision about the inclusion of certain materials may be made. If a redacted document is filed, it is

the sole responsibility of counsel and the parties to be sure the redaction of personal identifiers is done. The clerk will not review each pleading for redaction.

(f) Documents that must be Filed Conventionally

1. **Probate / Wills.** Probate matters must be filed electronically. However, any original will, along with any pleading to which it is attached, must be filed both electronically and conventionally. The conventional filing must be made no more than seven business days, excluding legal holidays, from the date of electronic filing.
2. **Warrants.** A document delivered to the court to secure an arrest warrant pursuant to Idaho Criminal Rule 4 must be filed conventionally. A document delivered to the court to secure a search warrant pursuant to Idaho Criminal Rules 41 may be filed conventionally.
3. **Limits on Exhibits.** A demonstrative or oversized exhibit must be filed conventionally. Trial exhibits must not be filed unless or until they are offered by a party to be admitted into evidence.
4. **Grand Jury Material.** Grand jury materials, which should also be accompanied by a disk or CD-ROM containing the documents in .pdf format, if possible, must be filed conventionally.
5. **Charging Documents.** Charging documents in a criminal action including complaints and indictments must be filed conventionally unless filed through an electronic system approved by the Supreme Court.
6. **Federally Restricted Storage.** A document or image that is barred from electronic storage must be filed conventionally, including but not limited to sexually explicit images of a minor.
7. **Document Submitted for *In Camera* Inspection.** A document submitted for *in camera* inspection must be filed conventionally.
8. **Motion to Seal Document.** A motion to seal by court order and the document that is the subject of the motion (which is treated as sealed until the court rules on the motion), must be filed conventionally. After a court has ordered documents sealed they may be electronically filed as part of or exhibits to subsequent pleadings. Electronic submissions that include documents sealed by the court must comply with (b)(3)(B) of this rule.
9. **Foreign Subpoena.** A foreign subpoena submitted to an Idaho court must be filed conventionally.
10. **Other Documents that cannot be Filed Electronically.** Any document or thing that cannot be scanned or otherwise converted to a Portable Document

Format (.pdf) format must be filed conventionally. Upon a showing of good cause, the court may accept for conventional filing a document that would otherwise be required to be filed through the electronic filing system.

(g) Sealed and Confidential Documents / Records

If a filer identifies a document as "confidential," in the Filing Comments, the court will verify that designation and after review may modify the designation of any document incorrectly identified as "confidential." Once the designation as "confidential" is confirmed, the document will not be accessible to the public, but will be accessible to court staff and, where applicable, to certain governmental entities as authorized by law, court rule, or court order.

(h) Service

1. Consent to Electronic Service and Withdrawal of Consent; Service by Conventional Means

- A.** A party who electronically appears in the action by filing a document through the File and Serve electronic filing system, that the court has accepted, is deemed to have given consent to accept electronic service of any document filed by any other registered filer in this action or the court, except for any document that requires personal service, pursuant to the Idaho Rules of Civil Procedure. Service by electronic means upon this filer through their designated service contact is thereafter mandatory unless exempted by rule or court order.
- B.** A filer who is dismissed as a party from the action or withdraws as an attorney of record in the action, may withdraw consent to electronic service in that specific action.
- C.** Once a party electronically appears in the matter by filing through the File and Serve electronic filing system, that party has given consent to electronic service in the matter per paragraph (h)(1)(A) above and future service by electronic means in the matter is thereafter mandatory unless exempted by rule or court order.
- D.** Service may be accomplished by conventional means:
 - i. in cases where an attorney or party has failed to designate a service contact;
 - ii. where the party being served is a self-represented litigant who has opted not to utilize the electronic filing system;

- iii. where service is upon a party who has not appeared in the lawsuit; or
- iv. where service is upon a third party who has not designated an “Other Service Contact.”

E. Businesses filing in small claims actions or self-represented parties (who are individuals) who utilize Guide and File to file Court Assistance Office forms are not required to exchange service between the parties through the electronic filing system. The electronic service requirements of this subparagraph are applicable, however, if they utilize File and Serve to electronically file or serve documents. Courts may utilize email for service upon Guide and File users.

2. Contact Information

A. At the time of preparing the party’s first electronic filing in the action through File and Serve, a party must enter the name and service email address designated as a service contact on behalf of the party in the action. This service contact must be utilized for service between the parties through the electronic filing system. If an attorney represents more than one party, it is permissible to designate a service contact(s) for a single party to be utilized for service upon all parties represented by that attorney. Service through the system is accomplished through the party’s designated service contact. Valid legal service is not accomplished by utilizing the system’s “Courtesy Copy” feature.

B. A party described in subsection (h)(1)(A) of this rule may enter in the electronic filing system, as an “other service contact” in the action:

- i. an alternative email address for the party; and
- ii. the name and email address of any additional person whom the party wishes to receive electronic notification of documents electronically served in the action, as defined in subsection (a)(8) of this rule. If a lawyer enters a client’s name and contact information as an “other service contact” under this subsection, then the lawyer is deemed to have consented for purposes of Rule of Professional Conduct 4.2 to delivery to the client of documents electronically served by other filers in the action.

C. A party is responsible for updating any contact information for any person whom the party has entered in the electronic filing system as either a service contact for a party or as an “other service contact” in an action.

- D. A party in the action may seek court approval to remove a person entered by another party in the action as an “other service contact” in an action if the person does not qualify as an “other service contact” under subsection (a)(8) of this rule.

3. Selecting Service Contacts and Other Service Contacts

When preparing an electronic filing submission through File and Serve with electronic service, a filer is responsible for selecting:

- A. The appropriate service contacts in the action, for the purpose of accomplishing electronic service as required by law of any document being electronically filed; and
- B. The appropriate other service contacts in the action, if any, for the purpose of delivering an electronic copy of any document being electronically filed.
- C. Filers must not create or designate service contacts for other parties unless selected from the Public Service Contact list derived from submissions to the Idaho State Bar or loaded by the Idaho Supreme Court.

4. Court Notification and Transmission Constituting Service

When the filer submits, and again when the document is accepted for filing under subsection (e)(1)(a) of this rule, the electronic filing system sends an email to the email address of the filer who submitted the document through the electronic filing system. The email contains a hyperlink to access the document or documents that have been filed electronically. Transmission of the email by the electronic filing system to the selected service contacts in the action constitutes service.

5. Completion and Time of Electronic Service

Electronic service is complete when the electronic filing system sends the email to the selected service contacts in the action.

6. Additional Time After Late Service

If electronic service is accomplished after 5:00 p.m. local time on the day of service, one (1) additional day will be added to the prescribed period.

7. Service of Discovery Documents.

Formal responses to discovery must be served through the electronic filing system. Production of documents responsive to formal discovery may be served conventionally or through the electronic filing system.

8. Service Other than by Electronic Means

The filing party is responsible for accomplishing service in any manner permitted by the applicable Idaho Rules of Civil Procedure or Idaho Criminal Rule and for filing a proof of service with the court for the following documents:

- A.** A document required to be filed conventionally under this chapter;
- B.** A document that cannot be served electronically on a party who is listed in the action; and
- C.** A civil protective order or criminal no contact order.

9. Service of Documents by the Court

- A.** Idaho State Bar Members. All active members of the Idaho State Bar must designate and submit a single email address to the Idaho State Bar for the purpose of service of documents from the courts to that attorney. The email address designated may be either a general office address or an individual's address. That same designated email address must appear in the caption of all pleadings and in the certificate of service used on all proposed pleadings for the court's review, signature, and service. The courts must use this designated email address for service of all notices or orders generated and served by the court. It is the attorney's responsibility to ensure that the correct email address is provided as required by Idaho Bar Commission Rule 303.
- B.** All Others Users. Registered users, who are not members of the Idaho State Bar, must furnish in the caption of all pleadings a single email address which will be used for the purpose of service of documents from the courts to the user. That same email address must appear in all pleadings for that case and must be in the certificate of service used on all proposed pleadings for the court's review, signature, and service. The courts must use this designated email address for service of all notices or orders generated and served by the court. It is the registered user's responsibility to ensure that the correct email address is provided and it may only be changed upon notice to the court and parties.
- C.** Service of Executed Proposed Pleadings. Filers who submit (whether conventionally or electronically) proposed pleadings for the court's review, signature, and service, (such as an order, notice of hearing, judgment, decree, etc.) must:

- i. include a certificate of service that identifies the email address necessary for the court to complete electronic service of those parties who have electronically appeared in the action; and / or
- ii. for those parties who have not electronically appeared and require paper / mail service, the filer must identify the physical address for service in the certificate of service and pay designated service fees. If submitted through the electronic filing system those fees are found in "Optional Services." If submitted conventionally, those fees must be paid to the court clerk at the time of filing.
- iii. summons, subpoenas, writs, and abstract judgments do not require a certificate of service as they will be executed by the clerk who reviews electronic filings and submitted back to the filer through the File and Serve and Guide and File systems.
- iv. must have a signature date line in the following format:

Date: _____

Do not use a format such as "On the ___ day of ____ 20__" as this format does not allow for the courts electronic date annotation.

(i) Protected Information

The use of information contained in a document filed electronically or information accessed through the electronic filing system must be consistent with state and federal law.

(j) Appeals to Supreme Court.

1. Notices of appeal and cross-appeal. The notice of appeal and cross-appeal must be filed in compliance with I.A.R. 17 and I.A.R. 18, except that transcripts must be requested in electronic format or both electronic format and hard copy.

2. Clerk's or Agency's Record on Appeal.

A. Clerk's record. The clerk of the district court must prepare the designated record in electronic format as follows:

- i. Arrangement and Numbering. Except for pre-scanned bulk files, all pleadings, documents, and papers required to be in the clerk's record must be in chronological order as indicated by the date of filing. Each page of the clerk's record must be numbered consecutively at the bottom of the page. The numbering must include every page included in the record even if it was not a filed document, such as the title page, the index, the case summary and any register of actions.
 - ii. Bookmarks. The record must contain electronic bookmarks that link to each document in the electronic record.
 - iii. Time for preparation. The clerk of the district court must prepare the record and have it ready for service on the parties with 28 days of the filing of the notice of appeal.
 - iv. Clerk's Fee. The clerk of the district court must charge and collect a fee for preparation of the record in the sum of \$0.65 a page. Any party may request an additional copy of the record on CD upon payment of \$20.00 to the clerk of the district court. Payment of the estimated fee and waiver of the clerk's fee is in accord with Idaho Appellate Rule 27.
- B. Agency Record.** Agency records, including transcripts and exhibits, must be submitted in electronic format. The record must contain bookmarks that link to each document in the electronic record.
- C. Transcripts.**
- i. Designation and Preparation. All transcripts must be designated in the notice of appeal or cross-appeal in accord with Idaho Appellate Rules 17 and 18. Transcripts must be provided in electronic format, but each party may request one hard copy from the reporter at no additional cost. The transcripts must be prepared in accord with Idaho Appellate Rules 24, 25 and 26, except that the following provisions do not apply:
 - Subsections (a) and (b) in Idaho Appellate Rule 24 on number and use of transcripts and additional electronic copy;
 - Subsection (l) of Idaho Appellate Rule 26 on binding.
 - ii. Filing. Upon completion of the transcript, the reporter must lodge an electronic version of the transcript with the clerk of the district court or administrative agency.

iii. Service of Transcript and Clerk or Agency's Record on Appeal on the Parties

Upon completion of the reporter's transcript, the reporter must lodge the electronic transcript with the clerk of the district court or administrative agency, and file a notice of lodging with the district court clerk. Upon receipt of the transcript and upon completion of the clerk or agency's record, the clerk of the district court or clerk of the administrative agency must serve one copy of the transcript and record on the appellant and one copy on the respondent. The clerk of the district court must accomplish this service electronically; however, if the record and transcripts are too large for a party to accept electronically then the record and transcripts may be placed on a CD and served.

D. Settlement of Record on Appeal. Once the record on appeal has been served on the parties, the parties have 28 days to object. Any objection must be accompanied by a notice setting the objection for hearing and must be heard and determined by the district court or administrative agency from which the appeal is taken. After a determination is made, the record on appeal is deemed settled as ordered by the district court or administrative agency. The record on appeal may also be settled by stipulation of all affected parties.

E. Filing Transcript and Record with Supreme Court. Upon settlement of the reporter's transcript and clerk's or agency's record, the clerk of the district court or administrative agency must, within seven days, file the electronic copy of the transcript and clerk's or agency's record with the Clerk of the Supreme Court. The Clerk of the Supreme Court must notify all attorneys of record, or self-represented parties, of the date of filing and also state when the briefs of the parties are required to be filed.

F. Briefing. Briefing in all case types must be submitted electronically to the Supreme Court and served on the parties in compliance with this rule. Otherwise, briefing must be in compliance with the Idaho Appellate Rules, except that the following provisions do not apply to briefs electronically filed:

- Subsection (a) in Idaho Appellate Rule 34 on number of copies.
- Subsection (d) in Idaho Appellate Rule 34 in that only one electronic copy need be served on each party.
- Idaho Appellate Rule 34.1.
- Subsection (b) in Idaho Appellate Rule 36 on color and material of cover.
- Those portions of subsection (c) in Idaho Appellate Rule 36 regarding printing and binding.

(k) Original Petitions, Motions and Memorandums of Costs. All original petitions, motions and memorandum of costs must be filed electronically with the Supreme Court and served in compliance with this rule. Otherwise, original petitions, motions and memorandum of costs must be in compliance with the Idaho Appellate Rules, except that the following provisions do not apply:

Subsection (i) of Idaho Appellate Rule 5 on number of copies. Subsection (e) of Idaho Appellate Rule 32 on number of copies. Subsection (e) of Idaho Appellate Rule 40 on number of copies.
