Advisory: Maintenance Outage for Electronic Court Case Management System

Data center maintenance this weekend will limit access to the Idaho Supreme Court's Odyssey case management system, including the public iCourt Portal. These systems will be unavailable from 8 a.m. Saturday, May 15, to 8 a.m. Sunday, May 16.

Odyssey File & Serve will remain operational for any attorneys or parties who need to electronically file court documents. Those filings will be queued and provided to court clerks when the maintenance concludes Sunday.

The Administrative Office of the Courts apologizes for any disruption this work may cause. We thank the public for its patience and understanding.
