## Maintenance Ends, Service Restored to iCourt Portal

The iCourt Portal is fully functional again after maintenance to fix a potential security vulnerability.

The Portal offers the ability to search court dockets and case information in Idaho's state court system. As of this morning, the Portal website ([mycourts.idaho.gov](https://mycourts.idaho.gov)) is again accessible through public web browsers and extended access users are again able to log on to the system.

Thank you once more to all Idaho Portal users for your patience amid this disruption.
