Portal, Electronic Filing Interruptions Expected May 10-12

Planned maintenance starting Friday evening, May 10, may affect access that weekend to various court services, including the electronic filing system, iCourt Portal and Guide & File service.

The maintenance work and related effects could extend through Sunday, May 12.

As this could affect court users' ability to file documents, the Idaho Supreme Court [has ordered](#) a change to filing deadlines. Any documents due to be electronically filed on that Friday, Saturday or Sunday will be deemed timely if filed on or before 5 p.m. Monday, May 13.
